Welcome to the 3rd Annual Student Sustainable Leadership Conference! I hope you have enjoyed your time thus far. For the rest of the afternoon we will focus on a few details about the ACS Environmental Programs, and then send you on your way!

In your folder you will find – information about ACS, a current team list by campus, the SDE request for proposal document, a list of conference attendees, some scratch paper, and a workshop evaluation. Please take a minute to look through these and let me know if you have any questions.

Thank you again for your enthusiasm and interest, I hope you have enjoyed your time this weekend and are prepared to take your new ideas back to your campus.

Cheers!
Helen
