

	Response Total	Percent response
1 What is your year at Trinity?		
First year	77	83.7%
Sophomore	13	14.1%
Junior	2	2.2%
Senior	0	0.0%
Total Respondents	92	
(skipped this question)	0	
2 For how long did you take Integrative Biology?		
Part of Integrative Bio I (fall).	8	8.7%
All of Integrative Bio I (fall).	29	31.5%
All of Integrative Bio I (fall), and part of Integrative Bio II (spring).	3	3.3%
All of Integrative Bio I and II (fall and spring).	50	54.3%
Other (please specify)	2	2.2%
Total Respondents	92	
(skipped this question)	0	
3 What was your primary reason for enrolling in Integrative Bio I?		
To explore my interest in biology.	15	16.3%
To fulfill requirements for a career in a health profession.	64	69.6%
To fulfill common curriculum requirements.	8	8.7%
Other (please specify)	5	5.4%
Total Respondents	92	
(skipped this question)	0	
4 What was your experience with biology in high school? (check all that apply)		
9th grade biology.	76	82.6%
AP biology.	40	43.5%
Anatomy & physiology.	20	21.7%
Another specialized biology course.	17	18.5%
None.	0	0.0%
Total Respondents	92	
(skipped this question)	0	
5 If you had any other significant biology-related experience before coming to Trinity (such as research) please describe this experience.		
Total Respondents	12	13.0%
(skipped this question)	80	

6 What other science or math courses were you taking at the same time as Integrative Biology I (fall semester)?

Pre-calculus.	11	12.0%
Calculus I.	20	21.7%
Chemistry.	54	58.7%
Physics.	2	2.2%
None.	18	19.6%
Other (please specify)	11	12.0%
Total Respondents	92	
(skipped this question)	0	

7 What other science or math courses were you taking at the same time as Integrative Biology II(spring semester)?

Pre-calculus.	1	1.3%
Calculus I.	9	11.4%
Chemistry.	39	49.4%
Physics.	0	0.0%
None.	31	39.2%
Other (please specify)	11	13.9%
Total Respondents	79	
(skipped this question)	13	

8 What is the likelihood that you will choose to major in Biology (including a Biochemistry & Molecular Biology major)?

I have already declared a major other than Biology.	14	15.2%
I have already declared a Biology major.	3	3.3%
I have not yet declared, but it is very likely I will choose Biology.	26	28.3%
I have not yet declared, but am still considering Biology as a major.	18	19.6%
I have not yet declared, but have decided not to major in Biology.	31	33.7%
Total Respondents	92	
(skipped this question)	0	

9 Are you interested in research in the Biology department?

Yes.	32	34.8%
Possibly.	26	28.3%
No.	34	37.0%
Total Respondents	92	
(skipped this question)	0	

10 If you answered yes or possibly to the previous question do you feel that you have been given enough information about research opportunities in the Biology department through the Integrative Biology courses?

Yes.	23	32.9%
No.	47	67.1%
Total Respondents	70	
(skipped this question)	22	

11 Did the Integrative Bio class(es) you took differ from what you expected of a college-level introductory biology class?

Yes, completely.	41	47.7%
Somewhat.	27	31.4%
No, not really.	18	20.9%
Total Respondents	86	
(skipped this question)	6	

12 If you answered "yes" or "somewhat" to the previous question please explain how the course(s) differed from your expectations.

Total Respondents	65	70.7%
(skipped this question)	27	

13 If you answered "yes" or "somewhat" to question #11 please explain how these differences from your expectations affected your experience of Integrative Biology either positively or negatively (or possibly both).

Total Respondents	61	66.3%
(skipped this question)	31	

14 How interested were you in pursuing biology (this includes taking more than one bio class choosing bio as a major and/or including it in your career choices) when you started your first Integrative Bio course?

Very interested.	63	73.3%
Somewhat interested.	10	11.6%
I was exploring my options, biology was one of my interests.	6	7.0%
Not really interested--completing my common curriculum requirements.	7	8.1%
Total Respondents	86	
(skipped this question)	6	

15	Did your interest in pursuing biology change as a result of taking Integrative Biology?		
	Yes--I became more interested.	13	15.3%
	Yes--I became less interested.	52	61.2%
	No--my interests did not change.	20	23.5%
	Total Respondents	85	
	(skipped this question)	7	
16	If you answered yes to the last question please explain the factors that led to your change in interest.		
	Total Respondents	58	63.0%
	(skipped this question)	34	
17	How well did the companion laboratory courses (Biol 1111: Introductory Biology Lab and Biol 1212: Methods for Biological Problem Solving) add to and complement your experience of and your understanding of Integrative Biology?		
	Very well.	15	17.6%
	Somewhat.	51	60.0%
	Not at all.	19	22.4%
	Total Respondents	85	
	(skipped this question)	7	
18	Please explain how you feel the lab courses did or did not complement or add to your understanding of and experience of Integrative Biology.		
	Total Respondents	76	82.6%
	(skipped this question)	16	
19	Do you have any other feedback on Integrative Biology that you would like to share with us?		
	Total Respondents	43	46.7%
	(skipped this question)	49
