

**Collaboration Example:**  
**Instructional technologist, librarian, and faculty**  
**collaboration project to help students find and use**  
**multimedia to improve their academic projects.**

<b>II. Focusing: Identifying Stakeholders and Uses</b>
--

**Why do you want to evaluate? For what purposes? How will results be used? And by whom? What decisions will you/they make based on evaluation results?**

Stakeholders	What they would like to know	How they might use results; What decisions would be made
1. Faculty		
2. Librarians		
3. Instructional/Information Technologists		
4. Students		
5. Provost, administrators		
6. Funders		
7. Other, e.g.
